

ChIPs Accelerator — Breaking Barriers: Pioneering Innovation, Driving Success

JANUARY 11, 2024

Winston was coast-to-coast for the first ChIPs Accelerator Series of 2024.

On January 11, more than 120 registered attendees gathered in our Charlotte and San Francisco offices and virtually for an informative and thought-provoking discussion with the Wells Fargo IP team on their inspiring work to bridge the diversity gap in innovation.

Thank you to the accomplished and patent-award-winning Wells Fargo speakers—Kourtney Eidam, Rob Glance, Carrie Hanson, and Maria Rhodriquez—for participating in the panel, and to Danielle Williams (Charlotte), Rachel McCauley (San Francisco), and Tracea Rice (Charlotte) for moderating. Lastly, thank you to ChIPs for its unwavering support of diversity in innovation and for this Accelerator Series.
